Hi Randee,

All the information you provided is really good supplemental information for the discussion, but I think it should be separated out from the agenda, since the agenda should really just be a way to structure the discussion. I made some minor tweaks to the agenda and moved your information to a separate document that we should send out as an attachment to the agenda. I also think we could just send out the entire IR as an attachment, since you point to the specific pages in the supplemental information.

Please take a look at the attachments and let me know **this morning** if you have any additional concerns. If not, I'll email the package out to the entire workshop group today (as the draft agendas are due today). We can always make additional tweaks later. Thanks!

Subject: Take 2 on Agenda Comments: HI workshop agenda comments?

Hi Elizabeth,

Please ignore the first draft agenda comments... this one just has minor adjustments, but it's clearer than the earlier version I sent. I'll be in training all day starting from 9 am so please call before then if you want to touch base.

Thanks,
Randee

Hi Elizabeth,

I'll send you my comments first thing tomorrow morning. I've got Allison reading through the draft agenda with my comments right now to see if she has anything to add.

Talk to you soon!

Hi Randee,
Just checking in to see when you'll be ready to send me comments on the draft agenda. I'd like to take a look at them prior to sending out the draft agenda to the group on the 3rd, if possible.

Thanks,
Elizabeth
